Newham has a growing number of community-run gardens, allotments, and green and blue spaces as more residents are coming together to clean up and transform unloved, under-used areas of the borough into inspiring, and biodiverse places for everyone.

Each place is unique, reflecting its own local community and is open to all ages. Enjoy making friends and meeting neighbours, learning new skills, harvesting home-grown food and supporting local wildlife.

Scan the QR code below to find out more information on each.

*Other lettuce varieties and vegetables are also grown.
